[Donor Management System] August 12, 2021

What's New

- Bulk Email is now **DMS Mail**

- Live Payments are now **DMS Payments**

- Pre-populate Contact Billing (Address) fields for contacts already in the DMS from DMS Payments

- In-app notifications for new inbound emails

Bug Fixes

- [Bulk Email /DMS Mail] Contacts will see the option to click "View email in Browser" when receiving Bulk Emails.

- [Contributions] We fixed the "Add and Save" button when adding a Contribution, allowing you to add a new Contribution more easily.

- [Exports] Contact notes are now available in Contact exports and are automatically added as part of primary fields.
