[Donor Management System] December 22, 2021

What's New

- Improvements to the PDF Tax Receipt
  - Aggregate & In-Kind Tax Receipts now include a second page with a breakdown/line-item list of all individual Contributions!
  - More space to fit longer donor names and addresses, eliminating line breaks in most cases!
- The default delivery method for tax receipting is now Email.

Bug Fixes

- [Bulk Emails] Mosaico Template warning popup has been removed.
- [Contributions] Fixed "No Email Address" warning message that appears underneath the buttons when editing a Contribution.
- [Opportunities] Fixed error when "Select Fields to Export" option is selected while exporting Opportunities.
- [Exporting Data] Fixed an issue that made the Export tool does not populate Custom Fields.
- [Funds] Fund designation updates for CH.org donations have stopped reverting after daily sync to DMS.
