## Donor Management System

### What's New

- **Receipt Improvement**
  - In order to send out or download another copy of a Tax Receipt (e.g. your donor misplaced the original copy), the button used to read "Re-Issue Tax Receipt", which led to some confusion.
  - Whether you are resending a duplicate copy to your donor or downloading a Voided/Cancelled Receipt, the button now reads "Complete".
- **My Reports**
  - If you have any Saved Reports that have been marked as "My Report", you will now be able to find them all under a new tab titled "My Reports"

### New Learning Resources
