Donor Management System

Welcome to the **CanadaHelps Donor Management System (DMS)**! We're excited to set you up for day-to-day success and help supercharge your fundraising.

The DMS was built especially for charities that fundraise with CanadaHelps and is designed to help you **raise more** money, cultivate **better relationships**, and foster long-term **donor loyalty**.

It'll also save you countless hours of time by automating key processes, so you can focus on what's most important: your mission.

Key Benefits

- Build on past fundraising efforts by maintaining consistent records of your donors, donations and campaigns all in one place.
- Save hours of work every month with automated tax receipts, thank you notes, and email marketing.
- Generate highly customized reports to better understand your supporters, and share your insights with external stakeholders.
- Conveniently import your historical donor data for a complete view of your fundraising and stewardship.
- Easily process one-time and recurring donations received offline.
